Bachelor   Tanta

Professional Experience

ENS   2024 – present
Front-End Developer   Tanta

- Utilized HTML, CSS, and JavaScript to create visually appealing and responsive web pages that met client requirements.
- Expert in Next.js & React – Building dynamic, high-performing, and SEO-friendly applications.
- Strong UI/UX Focus – Ensuring pixel-perfect, user-friendly designs with Tailwind CSS & MUI.
- Scalability & Performance – Optimizing applications for speed, accessibility, and efficiency.
- Full Dev Workflow Experience – Hands-on with authentication (NextAuth), content management (Sanity), and internationalization (i18n).

Projects

Portfolio

https://portfolio-bice-nine-42.vercel.app/en

- Built a **personal portfolio website** as a front-end developer to showcase projects, skills, and experience.
- Developed using **Next.js**, **React**, and **Tailwind CSS** with a focus on modern web standards.
- Designed the site to reflect my **personal identity**, with a clean, responsive, and accessible interface.
- Prioritized **attention to detail** and **user experience**, ensuring smooth navigation and visual consistency.
- Highlighted work through **interactive components** and clear project presentation.

Zentry clone

https://zentry-clone-six-tau.vercel.app/

- Developed a **dynamic and visually engaging** web experience using **React** and **GSAP**.
- Implemented **standout animations** to enhance visual appeal and interactivity.
- Utilized **GSAP Timeline** and **ScrollTrigger** for smooth, scroll-based transitions.
- Created **fluid and immersive animations** that improved user engagement and usability.
- Integrated **interactive elements and motion effects** to elevate the overall UX/UI.

Life Post

https://life-post.vercel.app/

- Developed a **modern, responsive web application** using **Next.js 15** and **Tailwind CSS**.
- Integrated **ShadCN UI components** for a clean, consistent, and accessible interface.
- Built a **dynamic content management system** powered by **Sanity** for easy post creation and sharing.
- Implemented a **secure authentication system** to manage user sessions and permissions.
- Designed with a focus on **scalability, performance, and optimal user experience**.
- Enabled users to **sign in, view, and share posts** seamlessly with a global audience.

XFuture

https://x-future-ecommerce.vercel.app/en

- Built a **modern e-commerce platform** using **Next.js** and **Tailwind CSS** for responsive design.
- Integrated **Sanity CMS** as a headless backend for dynamic product and content management.
- Used **ShadCN UI components** to create a clean, accessible, and consistent user interface.
- Implemented **Stripe integration** for secure and seamless payment processing.
- Focused on **performance, scalability, and accessibility** to ensure a smooth shopping experience.
- Designed the platform to allow users to **browse, purchase, and pay** for products with ease.
